

To all OAATS members.

I would be pleased if you would vote me in for another term on the OAATS Board of Directors. I have not been present at many rides the last 2 years due to health issues- 2 shoulders with a partial replacement and the right one was unable to move so had to have a total replacement this March on my Birthday of all things; will be done with therapy at the end of August and between all of this a total knee replacement. I am hoping to be able to soon be riding again, but still am very able to be on the BOD. I so miss everyone and hope to be at some of the fall rides, if not riding then just to come and help and see everyone.

Sincerely,

Carolyn Loedeman
