

Hello All,

I was introduced to distance riding by some friends in the mid-80's and was instantly hooked. Since then I've been involved in both endurance and competitive trail riding at the local, regional, and national level as a rider, ride manager, judge, clinician, lecturer, and OAATS board member. I've been lucky enough to have ridden some wonderful horses and have accumulated close to 10,000 miles of competition on our horses as well as several others.

I'm currently a member of OAATS, the Arabian Horse Association, the Purebred Arabian Trust, the American Endurance Ride Conference, and the USEF. Additionally I've held positions as Vice-President at Large for the Arabian Horse Association (AHA), Director at Large for AHA, Chair of the AHA Distance Committee, Chair of the AHA Recreational Riding task force, AHA Budget and Finance Committee, AHA Distance Commission, Director for the Purebred Arabian Trust, Vice-President OAATS, and President of OAATS.

I would like to see OAATS continue to develop CTR and Endurance for those in our area, continue our efforts in education, and embrace our pleasure riders. Working together we can continue to evolve as a distance and pleasure riding organization for everyone's benefit. With your support I would like to continue in my position on the OAATS board of directors.

Thank you,

Mollie Krumlaw-Smith
